See Character, Destiny, Disgrace, Dishonour, Fate, Pain, Reversals, Ruin, Sorrow, Suffering, Trouble; "Free Will" under Will. A person may be liable to many evils, according to the indications of their star maps, especially if they are drifting in life, lacking in wisdom, self-control, discretion, discrimination, and the knowledge of Astrology, but the student of the Occult, of Astrology, the Metaphysical, etc., can usually by his foreknowledge forestall many evils that would naturally overtake the ignorant, the uninitiated, and those who are not ruling their stars. Ripe Fate may be the exception, which is discussed under "Fate".

LIBRA—The 7th Sign of the Zodiac, the day and home sign of ♀, and is related to the 7th H. Libra is classed as an airy, cardinal, positive, masculine, hot, warm, moist, humane, and nervous sign. It is the exalted sign of ♀, and the fall of the ☾. When afflicted it causes inharmony and want of tone by disturbances in the system, and disordered kidneys. Libra implies sublimation, which is vaporization and recondensation. The Symbol of this sign is "The Balance", and the influence of the sign is to help keep the balance in the system by the work of secretion, excretion, elimination, and separating the poisons which are carried off in the urine. Libra and ♄ are considered the weakest of the positive signs. Externally, ♄ rules the external Generative and Urinary Organs, and the Anus. Internally, it rules the Kidneys. Structurally, this sign rules the Lumbar Vertebrae. Libra rules the outer or upper portion of the Kidneys, the Medullary and Cortical Substances. Libra and ♃ are concerned with Distillation and Circulation, and ♃ especially rules Distillation and Filtration. Libra and ♀ are closely associated in the work of the kidneys, secretion and excretion of urine. (See Kidneys, Scorpio, Urine). Libra is a rather fruitful sign because of ♀. For the Nations and Countries ruled by ♃ see "Libra" under Nations. The Colors ruled by ♃ are Black, and Dark Crimson. The Hebrew letter "Lahmed" (L) is connected with the ♃ sign, and also with Sleep and Dreams. When on the Asc. at B. the ♃ sign gives a tall, graceful, slender body, but the last few degrees rising, the body is shorter and stouter due to the influence of the next sign ♄. The Pathological Qualities of ♃ are Jealousy, Melancholy, Self-Centeredness, Sensitiveness. (See Seventh House, Venus). The following are the Qualities ruled over, or given by ♃—Airy, Artistic, Autumnal, Beauty, Cardinal, Changeable, Diurnal, Equinoctial, Fortunate, Fruitfulness, Graceful, Hot, Humane, Masculine, Moist, Moveable, Musical, Nervous, Obeying, Positive, Sanguine, Southern, Speaking, Sweet, Warm, Western, Whole, etc.

LIFE—Prospects of Life—Length of Life, etc.—The expression of life, continuity, and the giving of life, are the most salient characteristics of the ☉, and the ☉ has significance of life and the constitution. The 1st H. also has signification of the life of Man, and his physical body and appearance. The ☉ gives the life force, and life and joy are said to come from the ☉. The fiery signs are life-giving signs. Life also corresponds to the fixed signs, and to the heart and Vital Temperament. Life manifests as motion, or vibration. Saturn afflicts and suppresses life and joy by his evil aspects to the ☉, ♃, Asc. or Hyleg. The following subjects have to do with life, and the planetary influences as they affect and influence life for good or ill, which subjects see in the alphabetical arrangement when not considered here—

Accidents; Anareta—The Destroyer of Life—(See Anareta).

Average Life—The ☉ well-aspected in the Asc. at B. indicates an average length of life, and a strong constitution in Hor'y Q. (See "Long Life" under Life; Middle Life).

Benefics—The Benefics As Givers and Preservers of Life—(See Benefics).

Childhood—Life In—(See Childhood).

Close of Life—(See Close, Fourth House, Old Age, Terminal).

Conscious Life—(See Consciousness).

Continuance of Life—Continuity of Life—The continuance and continuity of life after birth are expressed by the ☉; the ☉, ♃, and Asc., and one of them hyleg, well-aspected by benefics, and with good aspects among them, and free from the evil asps. of malefics, promote life and give a strong constitution; the benefics ♃ and ♀ angular, free from affliction, and in good asp. to the hyleg, as by ♂, ♃, ♄, or P., is a good sign of the continuance of life; the ☉ hyleg in a male nativity, and well-aspected, and the ♃ hyleg in a female nativity, well-aspected, and free from the afflictions of malefics, indicate a continuance of life, and long life. The last aspect formed between the ☉ and ♃ before birth, whether a good or evil asp., is important to be considered when judging of the influences as to continuance and duration of life. Also, in considering whether the child will live, the Asc., its ruler, and the ruler of the 8th H., the house of death, should be noted, and their aspects and relations to each other, whether good or bad. The lord of the 8th H., and especially when a malefic, and afflicting the lord of the Asc. at B., is not favorable for a continuance of life, and the child may soon die. (See "Death" under Childhood, Children, Infancy; "Early Death" under Early; "Nurture" under Infancy; "Long Life", "Short Life", and the various paragraphs in this section).

and to the \odot the \odot by dir., and the \odot and J afflicted at B.; the New J implies death, disintegration, and preparation for a new Cycle, and a New J , or Lunation, badly afflicted just previous to birth, or just before a disease sets in, is very evil for a continuance of life; H afflicting the hyleg by dir.; H passing over the place of \odot at B. by transit, and if afflicting the \odot at the same time; taken sick in a $\frac{1}{2}$ hour; operating evil primary and secondary directions bring danger of death when the hyleg is evilly aspected at B., but supported by the benefics. (See "Danger of Death" under Children; Danger; "Arguments for Death" under Death; Directions, Eclipses, Fatal, Lunations; "New Moon" under Moon; Old Age, Transits, etc.).

Probable Length of Life—Of the Querent (Hor'y)—Observe the Asc., lord of

the Asc., and the ♃; also lord of the 8th, and malefics in the 8th; the planet to whom the ♃, or lord of the 1st H. be joined by a ☉, ☐, or ♀ aspect. The time of death and the duration of life may be determined by the number of degrees between the Significator and the aspect of the afflicted planet. Years are denoted if the lord of the Asc. be in ☉ the lord of the 8th in an angle. Angles show strength and vitality and do not hasten death. Half years and half months of life are denoted if the Sig. be in fixed signs; if in succedent houses, months; if in cadent houses, weeks. In this case, the lord of the Asc. is more to be considered than the ♃, and the ☉ of the lord of the Asc. with the ☉ or lord of the 8th is to be feared the most. The lord of the Asc. being sorely afflicted in this question does not denote health or life. Only aspects by application are to be considered. Short Life—Signs of—Early Death—The SUN and ♃ both afflicted at B.; the ☉ badly aspected by the ♃ at B.; the ☉ or ♃ in the 6th H. at B., afflicted, and the rising sign a weak one; born at the time of a total eclipse of the ☉ with males, or an eclipse of the ♃ with females, seldom of long life or strong constitution (see Eclipses); the ☉ or ♃ Sig. ☉ ☉, and ☉ ill-dig., and usually early death thru quarrels, fury, accident, etc.; the ☉ Sig. ☐ or ♀ h if he be in the Asc., unless a good asp. of ♃ intervene, the native is diseased and short-lived; the ☉ Sig. ☐ or ♀ h if the ♃ be hyleg, and the aspect close; if the ☉, ♃, Asc., or lord of the Asc., or the most of them, are weak, afflicted, besieged by malefics, or occupying the same declination as malefics, if they be combust or R., and impeded by lords of the 4th, 6th, 8th, or 12th H., these are signs of short life or of great danger; the ☉ besieged by ♃ and ☉, cadent, and afflicted by lords of the 6th or 8th, or stars of their nature; the ☉ or ♃ affl. in common signs, and espec. in ♋; the ☉ afflicted in signs of low vitality, as

in ♋, ♌, or ♍; the ☉ ☉ several malefics in ♌; the ☉, ♃, ♃, and ♃ conjoined in a sign of low vitality; the MOON nearly in ☉ with the ☉ at B., not well-aspected, and also the hyleg weak and afflicted by malefics; the ♃ sepr. from ☉ and apply. to the ☉; the ♃ ruler of the 1st H., being in the 6th, 8th, or 12th H., and afflicted, combust, ☉, ☐, or ♀ lords of the 6th, 8th, 12th, or 4th H., and also being slow in motion, out of dignity, and with no assistance from benefics; the ♃ cadent and unfortunate, and afflicted by lords of evil houses; the ♃ or ☉ Significators, in ☐ or ♀ h, according to the sex of the native (see Males, Females); the greater the affliction of the Significators of life, as the ☉, ♃, or Asc., the shorter the life will be; the ♃ ☉ or evil asp. a malefic in the 4th, 6th, 8th, or 12th H., or besieged by ♃ and ☉; the ♃ Sig. ☉ the ☉, very close to the ☉, combust, or applying to the exact ☉; the ♃ Sig. ☐ or ♀ ☉, and the ♃ hyleg; born at exactly the New or Full ☉ except the ♃ have great Lat.; NEPTUNE culminating and afflicted; URANUS, ♃, or ☉ near the rising degree, afflicted by lord of the 8th, and the ♃ afflicted by the ☉ at the same time; SATURN rising, and the ☉ afflicting the ♃ at the same time; ♃ and ☉ both afflicting the ♃ in female nativities, or the ☉ in male horoscopes; ♃ or ☉ afflicting the ☉, ♃, or Asc. by body or aspect; ♃, ☉, or ♃ in the Asc. or 7th H., peregrine, R., or in detriment (Hor'y); ♃ Sig. ☉ the ☉, seldom healthy or of long life; ♃ or ☉ in the Asc., and afflicting the hyleg; ♃ in the 1st H. near the cusp; ♃ in the 7th H.; ♃ culminating and affl. the hyleg; ♃ near the cusp of the 4th H. at B.; MARS afflicted in the 1st H. near the cusp generally cuts the life short, and smallpox is apt to occur when he arrives at the horizon; VENUS Sig. ☉ ☉, and the ☉ ill-dig., and usually due to prodigality; ♀ affl. at B. tends to short life; born under ♀ influence, and with ♀ affl., tends to ill-health, excesses, bad habits which shorten life; ♀ Sig. ☉ ☉; lord of the Asc. combust, R., or peregrine, and the cause will be shown by the house that the afflicting planet is lord of, and in which he is posited; ruler of the ASCENDANT in the 6th or 8th H., and malefics in the Asc., and with ♋, ♌, or ♍ on the Asc.; lord of the Asc. under the beams of the ☉, or going to combustion if hyleg; lord of the 6th H. in the 8th or 12th, and afflicted, and espec. if the lord of the Asc. apply to the ☐ or ♀ lord of the 6th; lord of the 8th in the Asc. if a malefic and afflicted; many planets, and espec. malefics, near cusps of angles at B.; many planets afflicted in signs of low vitality, as in ♋, ♌, or ♍, or these signs on the Asc., and afflicted; the Significators, the lord of the 1st, or the ♃, afflicted by malefics, or by the lords of the 4th, 6th, 8th, or 12th H., or joined to ♃, denotes short life according to the degree of affliction, and the degrees between the Sig., and the chief afflicting planet, are said to denote the weeks, months, or years of life for the Querent, and as the Promittor may be in Cardinal, Fixed,

or Common Signs (Hor'y); the life tends to be short, or with some grave danger or misfortune near, according to the quality of the Significators, and of the houses those planets are lords of, and which afflict the ☽ (Hor'y). A number of Cases and birth data of Short Life, and Death in Infancy, are given under Infancy. (See "Death" under Childhood, Children, Infancy; "Early Death" under Early; "No Duration of Life" in this section).

Shorter—The Shorter Will Be the Life—(See "Shorter" under Infancy).

Small Hope of Life—(See "Hope" in this section).

Source of Life—(See "Regulator" in this section).

Spared—(a) The Life Is Spared—Death Not Imminent—The Life Saved—Life Preserved, etc.—Life will not be destroyed, or end in death from disease, unless the hyleg is sorely afflicted. The life is spared when there is no train of evil directions, as one direction rarely kills, no matter how malevolent it is. Life is always spared as long as the hyleg remains strong.

When the ☽ is hyleg and directed to the ☿ of a malefic planet, if her Lat. when the aspect is completed differs greatly from that of the afflicting planet at B., life will generally be spared, altho a serious illness may result. A good direction of ♃ or ♀ to the hyleg in an otherwise train of evil directions, the life will be spared if the benefics were not badly aspected at B.; a benefic in good asp. to the Anareta; ♃ or ♀ within orb of the Anareta, and with ♃ within 12°, or ♀ within 8° of the anaretic point, life is spared; a malefic in the term of a benefic; the Anareta in the term of a benefic; a benefic in the term of a malefic will do less good, and renders it vicious; if an evil direction of ♃ or ♀ are within the orb of the anaretic point they help to save life; when the hyleg is ☿ the Anareta, but differing widely in Declination, life will be saved; in the World, or Mundane, even one degree of difference in Lat. between the hyleg and Anareta may save if the Anareta is in the term of a benefic, and espec. if the native has a good constitution, but severe indisposition may follow for a time; if the benefics cast a ray of any kind, good or evil, to the anaretic point, the life will be saved unless they are outnumbered by the malefics, and if two malefics are opposed to one benefic there is little hope except the benefics be strong in an angle, and the malefics cadent; if the Anareta falls in the term of a benefic almost any aspect of a benefic will save life. Ptolemy says a ray of either ♃ or ♀, of any kind, falling on the Anareta will save life, but Wilson in his Dictionary thinks ♀ cannot do so alone unless ♃ assists.

(See Amelioration, Crises, Directions, Moderation, Recovery, Recuperation).

(b) Life May Not Be Spared—The hyleg ☿ the Descendant, death usually

results, and espec. if the hyleg is under evil directions of malefics; an assisting benefic in the term of a malefic, or the place of the anareta in the term of a malefic; a benefic is vitiated by being in the house, exaltation, or triplicity of a malefic, but most vitiated when in the term of a malefic; a benefic alone, not strong or dignified, has little power to save when threatened by two malefics. Life may be prolonged for a time, but the two malefics will prevail in time.

(c) Life Not Spared—Death Certain—A benefic in the term of a malefic; the anareta in the term of a malefic; a benefic in the term, house, exaltation, or triplicity of a malefic, death is practically certain unless both benefics intervene with good asps. to the hyleg; a benefic alone, afflicted and undignified, and threatened by two malefics; the hyleg and anareta in ☿, yet differing greatly in declination. (See "Arguments for Death", "Certain Death", "Fatal", "Sure Death", "Threatened", under Death; "Destroyed", "No Duration", in this section).

LIGAMENTS—Sinews—Tendons—The Ligaments are ruled by ♃ and ☿, and ♃ tends especially to harden and crystallize them, and to cause loss of strength in the ligaments, and ♃ in any sign tends to affect the ligaments in the part ruled by the sign he is in at B. Thus ♃ afflicted in ♁ tends to

loss of strength and elasticity in the ligaments of the spine. The ligaments are affected also by the ☿ sign, and the ☉ or ☽ in ☿, and acting thru ☿ and the Plantar Nerves tend to influence and affect the fibro-ligamentous system, the respiratory and synovial systems, the os calcis, the feet, toes, etc., and give way to the Thoracic Diathesis. Uranus in ♌ warns against over-straining of the sinews. (See Fiber, Muscles, Sinews, Tendons).
